Dear Sir/Madam,

**Water backlog in Brandon
Banister and Evans Street**

BURDEKIN SHIRE COUNCIL	
File ID No.	723
2 FEB 2015	
Document No.	
Retention Period	

We refer to the above and the constant issue that arises when it rains in the Brandon area.

Over the years calls have been made to you in relation to such issue and unfortunately the problem persists.

On Thursday 22 January 2015 the water backlog on the corner of Banister and Evans Street was by far the most amount of water backlogging seen by us over the years with a relatively small amount of rain recorded.

We contacted the council in relation to this issue and Ms. Perina DalleCort and Gary Keane attended on the area to discuss the issue with us.

We advised the council representatives that we believe recent road upgrades to the Bruce Highway at Sandy Corner and agricultural runoff have exasperated the problem.

It was suggested to such council representatives that the backlog problem could be alleviated by diverting the water to Sheepstation Creek. Survey levels have been taken from Munro Street following the existing drain down to the Brandon State School carpark. These levels proved the drain to be relatively flat.

From Brandon State School to Sheepstation Creek further levels were taken, the result of which shows that there is a half-metre (500mm) cut required to divert the water flow back to Sheepstation Creek. Attached hereto is a copy of the recorded survey levels.

We request that action be taken by the Council to alleviate the water backlog that currently exists in Brandon, in particular the area surrounding Banister and Evans Street.

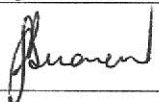

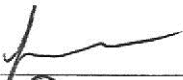

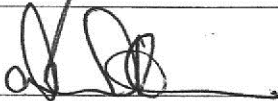

Yours faithfully,

Residents of Brandon

Subject: Disability Parking Space

Dear Ted,

Thank you for meeting us on Wednesday to discuss potentially setting up a disability parking space on Queen St, either in front or nearby our physiotherapy clinic. As discussed, it would be very beneficial to our patients who are at times very limited in their walking capabilities, and those who rely on wheelchairs for mobility. At present, several of our regular patients are required to park in either the '*East End Centre*' carpark near Clove restaurant, or further down the road; which can be very challenging for both the patients and their carers.

If there are any circumstances under which this proposal might be considered, we would be very interested in facilitating the process. Please let me know if there is anything else I can do to help?

Kind Regards,

Circular

Advice to Councils Regarding Councillor Vacancies

For Information

Circular: 2015-002
Release Date: Wednesday, 11 February 2015
Authorised by: Greg Hallam PSM Chief Executive Officer

The Local Government Act 2009, Section 163 provides direction as to how to respond to a vacancy in the position of Mayor or Councillor.

The most relevant timeline relates to a vacancy that occurs between 18 months and 6 months prior to the quadrennial election. For reference purposes the 6th month cut-off is calculated as Saturday 19th September, 2015 noting that the Local Government Elections are slated for Saturday 19th March, 2016 (Saturday 26 March 2016 will be Easter Saturday). This change of date still needs to be confirmed by Regulation.

If a councillor vacancy occurs prior to the 19th September, 2015 council will have 12 weeks in which to appoint a replacement, or risk the right of the appointment transferring to the State.

Under [section 166](#) a vacancy in the role of councillor that occurs between now and 19 September 2015 may be filled by appointment. On the other hand, if there is a vacancy in the role of Mayor between now and 19 September 2015, that role must under [section 164](#) be filled by by-election.

If a councillor vacancy were to occur after the 19th September, 2015 council can choose whether to fill the vacancy or not – it is allowable for the councillor role to remain vacant until the quadrennial election. If however the role of Mayor becomes vacant within 6 months of the quadrennial election the Deputy Mayor (appointed under [s 165](#)) fills the vacancy until the election. If there is no Deputy Mayor an acting Mayor (also appointed under [s 165](#)) may fill the vacancy until the election.

Further commentary is available within the [Legislation Commentary Service](#) on LG Online.

Dear Councillors

Some time ago, you very kindly provided me with pictures of your local cenotaph. The Collage poster has now been produced and I am very pleased to be able to send you proof prints of the finished product. I must point out that there are a very small number of spelling errors on the back of these posters however, should you wish to purchase posters for on selling, the product we will be happy to provide you, will have all these corrected.

As you no doubt recall, my motivation, aside from commemorating ANZAC, was to raise funds for Veterans' Welfare, a cause that I am passionate about. I am proud to be able to say that the net proceeds from the sale of these posters will be distributed between Solider On in Australia, White Crosses in New Zealand, Currumbin RSL's Veterans' Support Centre and Palm Beach Currumbin High School whose assistance in producing the collage was invaluable.

We are also offering the opportunity for local communities and organisations such as yourself to fundraise for your own Veterans' Welfare programs, by selling The Collage in your area and keeping \$7.95 AUD from each one sold. Our goal is to sell 50,000 posters and we hope you can help us achieve this by purchasing a stand-alone retail ready box of 49 pre-rolled and packaged posters.

Should you be interested in selling these posters, early orders will be satisfied well in advance of ANZAC Day. To start selling these posters we ask you to please pre-order posters via one of the two options below:

1. Complete the enclosed poster order form and return it to us by following the instructions on the form **OR**
2. Visit www.australiaremembers.com.au/product/wholesale and submit your order online.

You can also sell the posters online direct to your network via your own affiliate link. When registering online, you will receive your own personal organisation link. Use this link to email to your network or members or add it to your website. When consumers click on this link and purchase a poster, the sale will be tracked via your organisation link, enabling you to receive \$5.00 AUD commission per poster for fundraising. We will then send out the posters on your behalf. To action this you simply need to set up your organisation account via the Australia Remembers website affiliate registration below:

www.australiaremembers.com.au/affiliate-home

We welcome your participation in this great project and, should you require further information, I can be contacted on +61 (07) 5559 5022.

I look forward to hearing from you

A Hornby

100 YEAR ANNIVERSARY COMMEMORATIVE POSTER

www.australiaremembers.com.au

Since the early days of nationhood, both Australia and New Zealand have sent servicemen and women to many conflicts in all parts of the world to defend our country and to ensure the luxury of freedom and democracy that we enjoy today. These troops, known as ANZACs are legendary for their spirit, endurance, courage, ingenuity, good humour and, of course, mateship.

Fought on the distant shores of Turkey in 1915, the battle of Gallipoli remains an icon of that spirit today. But like all wars, it came at a huge cost in lives lost with many more wounded both physically and psychologically leaving them to suffer for the rest of their lives.

Led by Currumbin Palm Beach Veterans' Support Centre Chairman/Advocate Tony Hornby, and supported by Currumbin RSL, The Collage 2015, a centenary cenotaph commemorative poster was formalised. The Collage 2015 is a symbol of a nation's eternal gratitude to those who have served for our freedom. This commemorative ANZAC collage was created from cenotaph images provided by over 535 RSL Sub-Branches and local Councils across Australia and New Zealand. It is only a small number of the total of cenotaphs that can be found throughout both countries, however we have endeavoured to capture the spirit of the two nations and their pride.

The Collage was designed by students from the Visual Arts Creative Excellence Centre at Palm Beach Currumbin High School. Over 100 different designs were presented, with one winner selected. It is proudly endorsed by the Australian War Memorial, the Department of Veteran's Affairs, Clubs Australia, Clubs New Zealand, RSL & Services Clubs, Solider On (Australia) and Fields of Remembrance (New Zealand).

100% of profits made from the sale of The Collage will be distributed to Veterans' welfare, including Soldier On and Fields of Remembrance.

Dear Mayor *Bill*

Thank you for your correspondence of 5 December 2014 about the Growing Agriculture Working Group and providing me with copies of Council's reports and submissions related to development of the Burdekin region.

I believe there is great potential for growth in Australia's agriculture sector, which includes opportunities across North Queensland. As you are likely aware, through the Australian Government's White Paper on Agricultural Competitiveness, I am seeking to develop an agenda that will drive the long-term agricultural policies of the government and ensure the sector remains a significant contributor to the economy and, importantly, local communities. I thank you for your submission on the Green Paper and encourage you to continue to follow the developments of the White Paper and its release at www.agriculturalcompetitiveness.dpmc.gov.au.

I wish you well in your endeavours and trust the group's work will prove fruitful for developing agriculture in North Queensland.

Yours sincerely

Barnaby Joyce MP
