Re: Exercise Park

To The CEO or Sate Development Officer

I am writing to you in regards to applying for an exercise gym in Alva Qld near Ayr.

I own the caravan park at Alva and we have thousands of visitors every year and all different ages.

It is such a beautiful area here I think an exercise park would just top it off.

I have had a number of people suggest it to us. Near the lookout would be my first preference with 180 degree views.

Could I here back regarding this at your earliest convenience?

Kind Regards

Cr Bill Lewis
 Mayor
 Burdekin Shire Council
 PO Box 974

Dear Cr Lewis *Bill*

The recent shocking and tragic incidents of domestic violence in Queensland have shone a light on what is a growing problem that affects all parts of the state.
 This problem should be a source of shame for all of us.

Australians should no longer tolerate the silence and ignorance that has surrounded domestic violence in this country. All of us have a responsibility to prevent this ugly and loathsome facet of society from claiming any more victims.

Premiers, sports stars and media figures have publicly joined together to condemn domestic violence and urge the public to encourage respect for the vulnerable in our midst, especially women and children.

As local community leaders, we have a special role in all of this. We need to take a public stand against this all too common blight in our communities.

Domestic violence touches all parts of society and all levels of income. More and more of us now know it is happening in our communities and now is the time to take positive and decisive steps to reduce it.

I urge you to support the LGAQ's Safer Families, Better Communities campaign by organising public expressions of opposition to domestic violence. Your community is like all others in Australia _ appalled and ashamed at what such attacks are doing to the fabric of family life and to the notion that everyone have a right not to live in fear.

A march and rally against domestic violence has been organised for 11 October in Brisbane. I acknowledge that your council is best placed to know whether your community would respond to a similar call to participate in local rallies. I ask you to consider staging events or gatherings to ensure there is a chance for your community to publicly express its disgust at domestic violence and support those bodies trying to protect women, children and the elderly from this dreadful curse.

Yours sincerely

M. de Wit

Dear Council Members,
I would like to put forward a suggestion.
On the approach to Mallaroo we have a
lookout called 'Comfords lookout', it is a
lovely little spot to have some 'time out', and
view the mighty Burdekin River, especially during
flood time. It is also very close to the
Vietnam Veterans Camping Spot and I
often see people walking to the lookout and
spending time there.

My request is for the Council to consider
funding a covered picnic table with
seating. I'm quite sure this would be really
appreciated by both the locals and the
visitors.

Thanking you for your time,
Sally Wyburg.

Subject: Confirming Council assistance with Public Forums
Date: Thursday, 17 September 2015 2:27:29 PM

To:
Mayor Bill Lewis,
Burdekin Shire Council

Dear Bill,

Thank you for meeting with us on our recent extended visit to the central, north and far northern regions of the State. Reconciliation Queensland Co-Chair, Peter Jackson and I appreciated the opportunity to learn about and discuss first hand the key challenges in your communities to progressing constitutional recognition and addressing emerging reconciliation priorities affecting us now as a nation. We also appreciated the further opportunity we had to met with local Aboriginal and Torres Strait Islander organisations and other businesses/organisations with a Reconciliation Action Plan (RAP) in the region as well.

It is good to know we can move forward on some matters now and as promised at our meeting, this communication is to confirm and formalise our request for Council's support in providing a suitable venue/s for local public information forums and assistance in promoting them within your local communities. We see great benefits in our organisations working together to conduct these forums locally and Reconciliation Queensland respects Council best knows the needs of local communities and will ensure it liaises with Council and other organisations as required about the timing, organisation and promotion of:

- public forum/s for constitutional recognition in major population centres within the Council area.
- a forum to discuss strategies to support emerging reconciliation priorities for the region.

Reconciliation Queensland can assist with keynote speakers from the national Recognise Campaign for speakers panels at public forums in the Shire as well as providing a facilitator for the forum with representatives of local organisations and Council. Where possible we will seek Council's assistance in coordinating the timing of forums in the Shire with those being held in other Shires in the region. We appreciate this opportunity to work in partnership with Council to better inform and coordinate our efforts to support local reconciliation initiatives for local communities.

I look forward to our next meeting and thank you again for your ongoing support of reconciliation for all Queenslanders. ***To progress matters quickly can you please advise details for key persons in Council we should now liaise with in relation to organising upcoming forums.***

Kind Regards
