Dear Councillor McLaughlin

I am pleased to advise that since writing to you on the matter in August of last year, planning for the commemorations to mark the 100 year anniversary of the signing of the Armistice is well underway across Queensland.

While the focus for Armistice Centenary commemorations remains on stopping for a minute's silence at 11 am on 11 November 2018 and local Returned and Services League of Australia Queensland (RSL) sub-branches' commemorative services, the Queensland Government has planned a number of initiatives to complement these important traditions.

The Armistice Centenary public art project has engaged Queenslanders in making at least 57 705 handmade poppies – one for every Queensland soldier who enlisted in the First World War. These poppies will be incorporated into an impressive art installation which will tour from early-October to November, visiting Townsville, Mackay, Longreach, Bundaberg and Brisbane.

Although handmade poppy activities have closed, there is still an opportunity for Queenslanders to contribute a digital poppy and your community is invited to participate. Digital poppies will be displayed on both the Queensland Armistice Centenary website, and on digital screens alongside the art installation when on display in Brisbane.

The Queensland Remembers illumination and digital projection initiative has been well received with over 50 Queensland landmarks now confirming their participation to light up red or project imagery from Friday 9 to Sunday 11 November 2018.

To support Queensland councils and RSLs who are leading local Armistice Centenary initiatives, the Queensland Government is now offering funding support of up to \$3000 (excluding GST) to eligible organisations. This funding will help cover additional costs for Remembrance Day services noting likely increases in crowds, special commemorative events and participation in other initiatives.

DEADLINE		CLASS	

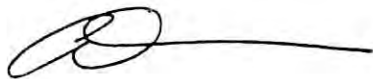

Applications for funding are now open. To apply for funding, contribute a digital poppy or to see what assets in your community are lighting up red, go to www.qld.gov.au/remembranceday.

Following my request last year, your office has nominated Janice Horan, Grants and Property Officer to be the key point of contact regarding Armistice Centenary initiatives in your region. My department will continue to provide regular program updates to your contact officer over the coming months.

If you require any further information, please contact Ms Bev Johnson, Project Manager Engagement, Anzac Centenary Coordination Unit, Department of the Premier and Cabinet by email at [REDACTED]

I trust that you will support this program and encourage your community's participation in the Armistice Centenary commemorations.

Yours sincerely

**ANNASTACIA PALASZCZUK MP
PREMIER OF QUEENSLAND
MINISTER FOR TRADE**

Subject: Comfort stop Homehill

To whom it may concern,

My husband and I were traveling to Rainbow Beach a couple of weeks ago and spent about a 48 hour stay at the Home hill comfort stop. We were very impressed not only with that facility but with the whole of the community as we did our grocery shopping there.

My compliments.

Yours respectfully,
Rosemary Elkins.

Department of Local Government,
Racing and Multicultural Affairs

Our ref: DGBN18/1066

3 October 2018

Mr Terry Brennan
Chief Executive Officer
Burdekin Shire Council
PO Box 974
AYR QLD 4807

Dear Mr Brennan

As you are aware, the *Local Government Electoral (Implementing Stage 1 of Belcarra) and Other Legislation Amendment Act 2018* was given assent on 21 May 2018 to deliver on the Government's commitment to provide for improved integrity and accountability in Local Government. On the same day, the *Local Government (Councillor Complaints) and Other Legislation Amendment Act 2018* was also given assent to deliver on the Government's commitment to deal with Councillor complaints more effectively and to legislate for a mandatory Code of Conduct for Councillors. The new Councillor Complaints system and Code of Conduct are anticipated to commence in December 2018.

To assist Councillors to comply with the new Code of Conduct and Councillor Complaints system, the Department of Local Government, Racing and Multicultural Affairs is offering Councillor training on the Code of Conduct and the above legislative amendments. The Code of Conduct training will be an interactive, online program available through the Department's Local Government Learning Centre portal, for which you and your Councillors will receive personal login details in the coming weeks. The legislation training is a one-day, scenario-based training program delivered at Council locations.

The face-to-face training programs commenced on 3 September 2018, and Departmental officers have been contacting your Council to provide details of the Code of Conduct training and schedule these legislation workshops. Councillors will be required to comply with the Code of Conduct and new Councillor Complaints legislative requirements from December 2018.

If your Council has not already availed itself of this opportunity or scheduled a workshop, I am seeking your support in encouraging Councillors to participate in the training.

I have asked for Mr Mark Neylan, Manager, Capacity Building, Local Government and Regional Services in the Department to assist you with any further queries. You may wish to contact [REDACTED]

Burdekin Shire Council

To whom it may concern.

On behalf of the Wunjunga Progress Association I would like to thank the Burdekin Shire Council for the generous donation of fencing materials.

The association recently held a working bee to erect a new fence line at the area known as Charlies Break to prohibit vehicular access and to encourage foliage growth to further protect the dune system.

We feel this is an important cause in the fight against beach erosion and dune protection and it would not have been possible without the support of the Burdekin Shire Council.

Once again, we thank you for your generosity and ongoing support.

Attached are a few photos of the work that was done for your perusal.

Kind regards

Brett Wilshire

8th October 2018

Dear Lyn,

Re: Burdekin Machinery Preservationists Open Day

On behalf of the members of the Burdekin Machinery Preservationists (BMP), we would like to invite you to our Open Day which will be held on Sunday 11th November from 10:00am to 4:00pm at the Brandon Heritage Precinct.

We will have our diesel engines running, steam plant and engines under power, Tony Little's traction engine and of course the historic Marshall "Colonial" Tractor. The display of historic memorabilia will once again be on show at the old church. We would also like to show progress on our powerhouse project and the direction of future planning for the centre.

We feel that this centre will be a big asset to the district when our present projects are realized.

Hoping that you, your fellow Councilors and BSC Staff, will be available to join us on this occasion.

Yours faithfully

Lex Kelly

Subject: SES Week & Fountain Colour Request

Greetings

Next week is SES week, and if no colours have been arranged, maybe we could colour it orange.

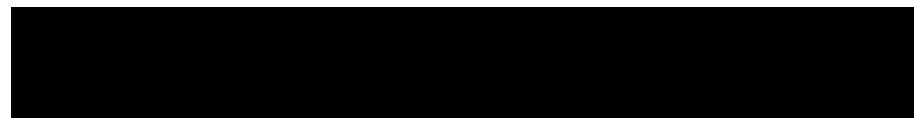

SES Week 2018 will run from Saturday 20 October 2018 to Sunday 28 October 2018. It is an excellent opportunity to raise public awareness of the dedication and commitment of SES members and the invaluable services they perform within their communities.

Anna has been given some information regarding the SES awards coming up this Saturday for a potential newspaper plug as well. :)

Cheers
Brad
