Dear Mayor

SENATOR MALCOLM ROBERTS MOTION

I write in relation to Senator Robert's upcoming motion for 17 February, which seeks to establish a Select Committee On the Use of Commonwealth Grant Money in Queensland Local Government (motion attached).

I write this letter to you as Mayor to express that I do not support, nor share the unfortunate sentiment of this motion.

I have always been, and will continue to be, a strong advocate for regional Councils. The allegation that Councils have enabled corruption or fraudulently misused grant money has been investigated and determined in the negative, by multiple institutions – including the Australian National Audit Office, Queensland Audit Office, Crime and Corruption Commission Queensland and the Queensland Parliament.

It is a shame that this uninformed motion was put forward by this Senator. The notion that this motion expresses, exemplifies this Senator's lack of faith in our hard-working Councils.

The work of regional Councils is greatly appreciated and without your assistance, the people of your community would be at a great disadvantage.

I hereby condemn this motion and its allegations.

Please do not hesitate to contact me personally at Senator.McDonald@aph.gov.au or via my office on [REDACTED] if you would like to discuss this further or if there is anything I can do to assist you.

Yours sincerely

Senator Susan McDonald
LNP Senator for Queensland

Subject: Groper Creek - Proposed New Community Shade Area/Skillion
Attachments: Old seating in public carpark.jpg, Skillion-Shelter-02.jpg, Stronger Communities Programme R6 signed.pdf

Good Morning,

The Home Hill Boat Club has applied for Federal Government funding via the Stronger Communities Programme R6, and we are asking for Council's support of our application. If successful, the Home Hill Boat Club would like to erect a new Shaded Community Area in the Groper Creek public car park area to replace a flood-damaged smaller picnic area. The proposed new skillion will allow community gatherings along the waterfront and provide weather protection for boaties launching from the public boat ramps.

Attached please find a copy of the Home Hill Boat Club's application, along with photographs of current area (concrete is now below carpark level & seating in need of replacement); along with a concept photo of the planned works.

We look forward to discussing this matter further should the Home Hill Boat Club's application be successful and thank Burdekin Shire Council for its ongoing support in progressing our community for the benefit of locals and visitors alike.

Kind Regards,

Dan and Jeanette Garvey

Dear Mr Brennan

RE: ANNUAL VALUATION EFFECTIVE 30 JUNE 2021

Thank you for your response to former Valuer-General Neil Bray's request seeking your opinion on whether or not an annual valuation (effective 30 June 2021) should be undertaken in the Burdekin local government area. You have advised that an annual valuation should be undertaken.

The *Land Valuation Act 2010* (the Act) requires that the Valuer-General undertake an annual valuation of all land in a local government area except in unusual circumstances or after consideration of:

- a market survey report for the local government area which reviews sales of land and the probable impact of the sales on the value of land since the last annual valuation, and
- the results of consultation with the local government for the area and appropriate local and industry groups.

After considering the statutory criteria, I have decided that an annual valuation for the Burdekin local government area will be undertaken in 2021. In accordance with the Act, annual valuations are required to be issued by 31 March in the year the valuation is to take effect.

Should you wish to discuss this matter further, please contact Brett Bowen, Area Manager of the department on telephone [REDACTED].

Yours sincerely

WJ Kearnan
