Subject: New 2023 National General Assembly dates - 13-15 June

Please distribute to the Mayor/Shire President and CEO/General Manager

I'm pleased to announce this year's National General Assembly of Local Government (NGA) – incorporating the Regional Cooperation and Development Forum – will be held at the National Convention Centre in Canberra from 13-15 June 2023.

This year's NGA is expected to be the biggest yet, and we are continuing to work with the Government towards incorporating the return of the Australian Council of Local Government (ACLG) as part of our event. Stay tuned for further details in the weeks ahead.

The theme for the 2023 NGA will be "Our Communities, Our Future", and we are keen to hear your ideas for new federal programs and policies that would support councils to build stronger communities into the future.

ALGA has produced a discussion paper outlining the criteria that NGA motions must meet which can be [downloaded here](#).

Motions are due to ALGA by Friday 24 March and can be submitted at www.alga.com.au.

The 2023 NGA is a can't-miss event, and I hope to see you there!

Cr Linda Scott
ALGA President

Mr Terry Brennan
Chief Executive Officer
Burdekin Shire Council

By email: burdekinsc@burdekin.qld.gov.au

Dear Mr Brennan

2023 revaluation program effective 30 June 2023

I am writing to advise you of my decision on the 2023 land revaluation program. In making this decision, I considered the detailed property market analysis, the timing since the last revaluation, and feedback from local government areas (LGA) and key stakeholders.

I am pleased to confirm that the Burdekin Shire Council will be one of the 24 LGAs included in the 2023 revaluation program. For your information, I have attached a summary of all LGAs included in the 2023 program. The program will include more than 793,000 properties, representing almost 50 per cent of Queensland's valuation roll. New land valuations will be issued by 31 March 2023 and will take effect for local government rates purposes from 30 June 2023.

Queensland's land valuation system is an open and transparent process delivered consistent with the *Land Valuation Act 2010*.

To support your staff to respond to enquiries from members of the public, the State Valuation Service (SVS) will provide a factsheet of frequently asked questions and answers ahead of the notices being issued. Information about the 2023 land revaluations will also be available on the department's website at www.qld.gov.au/landvaluation.

The SVS will also provide detailed valuation information in advance of the new valuations to assist with your rates modelling. They are currently finalising the memorandum of understanding to share valuation roll information with your LGA—this should be available shortly for your review and signing.

The SVS would like to meet with you to provide more information about the 2023 revaluation program, including the 2023 revaluation decision and the ongoing work of the SVS to maintain information in the Queensland valuation and sales database. Your local Area Manager from the SVS will be in contact to set up a meeting.

Should you have any questions, please contact Brett Bowen, Area Manager, SVS on telephone [REDACTED]

Yours sincerely

Suzanne Stone

2023 National General Assembly Call for Motions

We're excited to let you know that in preparation for our 2023 National General Assembly of Local Government (NGA), your Australian Local Government Association (ALGA) is now calling for councils to submit motions.

The theme of our 2023 NGA will be "Our Communities, Our Future", and it will be held at the National Convention Centre in Canberra next June. We are seeking your motions to guide ALGA's Board, in particular, where they identify opportunities for reforming and creating new Federal Government programs and policies that will support councils to build stronger communities into the future.

We heard and responded to your feedback and, as a result, the ALGA Board has ensured we will allocate additional time for debate on motions in 2023 and made improvements to the criteria to support more focused discussion.

We have also heard from some of you that you prefer presentations and panels to debate on motions, so we will be running concurrent sessions as another option for non-voting delegates during these sessions. The attached discussion paper will help you prepare your council's motions, which can be submitted online at www.alga.com.au until **Friday 24 March**.

Next year's NGA is shaping up to be even bigger than 2022, and we are working with the Prime Minister and Federal Government towards incorporating the return of the Australian Council of Local Government (ACLG).

The ACLG was originally established by the Federal Government in 2007 as an opportunity for councils to engage directly with the Government and key Ministers. We are thrilled that the Albanese Government has committed to re-establishing this forum, and we look forward to working with them to make it a success, and a key part of our NGA.

We are currently finalising the dates for the 2023 NGA and ACLG and will confirm these dates prior to the opening of registrations early next year.

We look forward to receiving your 2023 NGA motions and welcoming you to Canberra next June.

Thank you all for your dedication to your council and community! I wish you all the best for a wonderful holiday season and a happy and healthy 2023.

Yours sincerely,

Linda Scott
