| <p>I understand that the following conditions apply to this application:</p> <ol style="list-style-type: none"> This application does not provide building approval. Burdekin Shire Council accepts no liability for any loss or damage to life or property in any flooding event as a result of information provided through this application. The information provided as a result of this application is to be used to comply with Council's Floor Heights for Buildings with Habitable Rooms Policy. Council supplies this information with the understanding that you will employ the services of a competent person to accurately provide the correct land height information to use in conjunction with the minimum floor level provided. Council provides a 1% AEP Flood Certificate using mapping data supplied by consultants Engeny Water Management and extracted from the Burdekin Shire Flood Study (June 2012). Council does not under any circumstances accept or admit liability in any way for an incorrect interpretation of the information derived from the mapping. It is the recipient's responsibility to verify the land height. <p><i>Please note there can be anomalies in flow depth across the affected area, due to variations in flow restrictions, flow velocity and direction. The information is provided as a guide only, and recipients are advised to seek professional assistance to interpret the data for their requirements.</i></p> | | | |
