Notice About Decision – Statement of Reasons

This notice is prepared in accordance with Section 63(5) of the *Planning Act 2016* to inform the public about a decision that has been made in relation to a development application. The purpose of the notice is to enable a public understanding of the reasons for the planning decision, specifically having regard to:

- the relevant parts of the planning scheme and assessment benchmarks against which the application was assessed; and
- any other information, documents or material Council was either required, or able, to consider in its assessment.

All terms used in this notice have the meanings given them in the *Planning Act 2016*.

Assessment Benchmarks

The following assessment benchmarks applied to the proposed development:

- Low density residential zone code
- Development works code
- Reconfiguring a lot code
- Flood hazard overlay code

Compliance with Assessment Benchmarks and Reasons for the Decision

The proposed development was assessed against all assessment benchmarks listed above and complies with the exception of the following listed. Reasons for approval despite non-compliance are listed below.

Assessment Benchmarks	Reason for approval despite non-compliance with Assessment Benchmark
Flood Hazard Overlay Code	
	Conditioned to comply. The subject site is designated on Council's flood hazard overlay map. The map shows the whole site containing medium flood hazard (yellow) and extreme flood hazard (red). It depicts the existing dwelling on Lot 2 and the rear of Lot 2 wholly within extreme hazard which is a result of the site adjoining Nelsons Lagoon Park which acts as a large drainage reserve. The access handle to Lot 2 is predominantly outside extreme hazard and the dwelling on Lot 1 is outside extreme hazard. Given the proposal is for the realignment of the common boundary of two established residential lots, it is not expected that it will increase flood risk to people, property or the environment. Any future development or intensification of established uses

Assessment Benchmarks	Reason for approval despite non-compliance with Assessment Benchmark
	on site will require further consideration against the flood hazard overlay code.

Council exercises its discretion to approve the application even though the development may not strictly comply with an aspect of the assessment benchmarks, as the proposed development complies, or can be conditioned to comply with the outcomes sought by the relevant parts of the planning scheme/Strategic Framework and the intent of the relevant codes that apply including the Low Density Residential Zone Code, Flood Hazard Overlay Code, Development Works Code, and Reconfiguring a Lot Code.
